### Moves Amendment

Ald. A. Blisset, who moved the amendment motion which was adopted at Monday night's city council meeting setting the 1943 mill rate at 49½ mills. The city council had recommended a 49½ mill rate.

### To Speak Twice

## Canada's Vital Position Shown In Eden's Visit

By B. T. RICHARDSON  
Edmonton business news Bureau  
OTTAWA, March 30.—Anthony Eden's visit to Ottawa today, following important exploratory talks with Washington officials on war and post-war problems, served to focus attention on Canada's vital position in two aspects:

- 1.—As half-way station in fact and in spirit between London and Washington.
- 2.—As leading representative of the smaller members of the United Nations.

Mr. Eden, arriving by air like most leading statesmen on this area, but he said, "I intend to participate in the Ottawa conference on the Ottawa to a sounding board to two important speakers, one scheduled to deliver. He will speak to the Ottawa parliament and will broadcast over the national network.

### MOST IMPORTANT PHASE

But the most important phase of Mr. Eden's visit is to attend a meeting of the war committee of cabinet, which exercises the supreme command of the British Empire, which will be held on April 1.

### U.K. Cast Made

### Restricted Area

LONDON, March 30.—(CP)—Anticipating the possible use of this country as a base for offensive operations, Her Majesty's war secretary and minister of defence, announced that the house of commons today that two whole east and south coast to a depth of 10 miles inland would be made a restricted area on Thursday, April 1.

Morrison announced no general prohibition against visiting in this area, but he said, "It is particularly places which are from time to time subject to aerial attack, and which are not yet completely bombed without prior notice by the military authorities for military purposes."

### Churchill Is Not Discouraging Use Of "Second Front"

LONDON, March 30.—(CP)—Prime Minister Churchill told the House of Commons today he had no intention of discouraging use of the phrase "second front" because "our good friends who are fighting so very hard know what they mean." He mentioned that British land forces now are engaged on three fronts—North Africa, Burma and in the southwest Pacific.

### Air Offensive Seen Prelude Allied Invasion

STOCKHOLM, March 30.—(CP)—The Berlin correspondent of the pro-Nazi Stockholm newspaper Aftonbladet said today that the first German air offensive against the Ruhr last night, it was announced today. The heavy attacks cost 35 bombers, of which 10 were Canadian.

### SECOND COSTLIEST RAID

It was the second costliest raid on Berlin. Twenty-two bombers were lost in the January 17-18 raid.

### THE NAZI STRUCK THIS MORNING

The Nazis struck this morning when four of their bombers dropped bombs on the town of Berlin, one of the places was destroyed.

### NO RAID ON LONDON

Expected German reprisal attacks upon London, however, failed again to materialize during the night itself.

### STOCKHOLM, March 30.—(CP)

The Stockholm press said that the German capital's defenses apparently no other details were mentioned.

### WITNESSES OF THE GREAT MARCH 17 RAID

Witnesses of the great March 17 raid on Berlin, who had reached Stockholm, said Jews still fortunate enough to have roofs over their heads were immediately ordered out of their homes to make room for homeless persons, and were loaded into lorries and driven off to unknown destinations.

### STRIKE CONTINUES

STOCKHOLM, March 30.—(CP)—This strike continues.

### POLES WILL RESIST

### Territory Claims

Warsaw, March 30.—(CP)—Wladyslaw Sikorski of Free Poland warned today that Poles will resist to the last any intrusion upon the rights of their country.

### EVERY POLE, IRRESPECTIVE OF HIS RELIGION OR POLITICAL creed, will be united the last man to resist any claims which aim at the sovereignty and integrity of our country from German quarter.

### THE FUTURE OF EUROPE

He asserted that future peace in Europe could be insured only by a complete Anglo-American "liberation" of Europe.

### HE EMPHASIZED THAT A FEDERATED EUROPE, IN WHICH ALL NATIONS would maintain friendly relations with Russia would be a guarantee of peace.

### THE FUTURE OF EURO

## Taxation Rate for 1943 Announced as 49½ Mills At Special Council Meet

Continued from Page One

### FAVORS REDUCTION

Ald. Blisset said he had opposed the reduction in the mill rate, but he believed he had been overruled. He said he was looking for a reduction in the mill rate and was "every right" to expect a substantial decrease in their municipal tax burden.

He said last year it was possible to make such a reduction but that this year it was not possible to do so because of adverse exchange rates. He therefore favored the reduction of the rate to 49½ mills, and moved an amendment to Ald. O'Brien's motion which was carried.

Before the vote was taken on the mill rate Ald. H. D. Arlay said that he did not favor a reduction unless it was substantial. He said the reduction proposed by the commissioners would only save \$3.15 on the annual tax of \$6.30 for the household.

He recommended the 50 mill rate. The commissioners said there had been an increase in the assessment for this year of \$1,284,000 to \$5,000,000. This represents an increase of revenue of approximately \$62,000.

The report stated that \$23,000 of this was required to meet debt charges, leaving only \$39,000 for the city.

The report stated that the increase in the assessment since 1941 has been \$4,178,400, representing an increase of \$1,178,400 in revenue.

### RELIEF DECREASED

In the same period relief costs have decreased by \$70,000, and the net credit for relief has been reduced from \$67,000 to \$5,000.

Total betterment in these three items has been \$39,000, or about \$60,000 on the account, expenses incidental to the cost of the relief.

There is therefore a net betterment of \$33,000, equivalent to 49½ mills on the tax base, but during this period the rate has been reduced by only half a mill.

There is therefore a net betterment of \$33,000, equivalent to 49½ mills on the tax base, but during this period the rate has been reduced by only half a mill.

portion was \$884,322.28. These funds are all invested in liquid form in the sinking fund.

### SET AT FIFTY MILLS

In presenting the current budget, the tax rate has been set at 50 mills, a reduction of 15 mills from the previous year. The last reduction was in 1940, since then salaries of all employees have been fully restored, and a long period of prosperity has been effected.

Provisions for improvements in the city of 1942 resulted in a surplus of \$71,100.42. Normally this would be brought forward in reduction of 1943 operating costs, but it has been earmarked for the construction of certain works authorized in 1942, but which it was not possible to undertake or complete within that year.

The commissioners report concluded.

Cost of the operation of the Children's Aid department was set at \$76,539, compared with \$76,538 last year. Salaries account for \$22,000, and \$17,000 for the cost of wards.

## Daring 8th Army Stroke

Montgomery Out-Foxed Rommel  
In Greatest Gamble of Drive

BY DON WHITEHEAD  
WITH THE BRITISH 8TH ARMY WEST OF GABES, MARCH 28. (Delayed.) (AP)—In his biggest gamble of the entire African campaign, Gen. Sir Bernard L. Montgomery has outfoxed the "fox of the desert" by one of the boldest and most daring manoeuvres accomplished by the 8th Army in its campaign to drive Marshal Rommel out of North Africa.

Strong elements of British troops outflanked the Mareth line through a wide ridge of the Sahara desert country across which it seemed impossible for an army to move.

I have just come across this wireless wasteland which Rommel apparently thought could never be crossed by armor. Never in the almost 500-mile advance from El Alamein have I seen country which punishes men and machines more than this land.

## SPECTACULAR DASH

But the 8th Army accomplished the final phase of the move in a spectacular dash at almost unbelievable speed.

It wasn't a case of playing safe and taking no chances—not this move. It was the greatest gamble Gen. Montgomery had taken—a calculated risk to divide the army into two parts in western Tunisia. Three weeks ago the 8th Army moved around the Matmata hills and then toward Gabes, pioneering the wayward.

When the Germans repulsed the breakthrough in the Mareth line March 22, Gen. Montgomery made a quick decision.

Part of the armor and infantry was ordered to move swiftly from their Mareth positions. The move began at night on March 28 so that enemy observers in the Matmata hills could not see the columns of transports, tanks, and guns swarming south toward Tunis. Tattletales around the flank of the mountains forming part of the Mareth line.

## BATTLE PLAN MADE

And on March 28 when the armor arrived here, the battle plan was already made and the tanks were in the air to attack the Germans and Italians holding Gafsa and 30 miles south of El Hamma and 20 miles from the sea.

After crossing some 200 miles of the desert along the trail of the ancient camel caravans, the armor went into the attack. Within 48 hours it had taken at least 2,000 prisoners.

The sudden move threatened to cut Rommel's army in half and isolate the enemy holding the Mareth line from those around Gabes.

With two British and one Australian correspondent I arrived at the front armed that an army could travel so swiftly across the desert.

## THREE-DAY TRIP

The trip took us three hard, jolting days of rough riding which ended with our battered car being towed into advance headquarters and the four of us wondering if we were going to have to follow the rest of this campaign at the end of a long rope. During our journey we faced the hammer, steady, monotonous, nerve-racking winds which fog the air with sand and fill your eyes, nostrils, ears and hair with fine powdered dust.

Sand girted in your teeth with every bite of food, and rasped the eyeballs each time you blinked your eyes.

The way troops and armored vehicles moved across that punishing route was as fast as to be almost unbelievable, and was one of the fastest pieces of desert maneuvering in this war.

Grain Decisions  
Being Formulated

OTTAWA, March 30. (CP)—E. E. Peley (Prog. Com. Qu'Appelle) asked in the House of Commons yesterday if Trade Minister MacKinnon could give the house information as to whether steps will be taken to have an increase in wheat prices passed on to the producer.

Mr. MacKinnon said he could not give an answer to this and other questions by Mr. Peley, but drew attention to a paragraph in a statement on durum wheat deliveries which he had made earlier.

This said that "other decisions in regard to grain are being formulated and will be announced to the house at a very early date."

Mr. Peley asked the Canadian Wheat Board had been in Ottawa and he believed the minister was in a position to make a statement not only on prices but on the operation of the eight-cent "premium" on wheat exported to the United States.

Mr. MacKinnon said he must "disappoint" Mr. Peley on the question he had just raised. Announcement of decisions would be made in due course.

## Lawyers Protest

## New Benny Film

NEW HAVEN, Conn., March 30. (AP)—Five New Haven lawyers who felt that Jack Benny's new film "The Meanest Man in the World," debauched, demeaned and disgraced the legal profession, lost their attempt yesterday to have it barred from local screens. Judge Patrick R. O'Sullivan denied their motion for an injunction to bar the play from local screens.

## Bulldozing North Africa Mud

Next to beating the enemy, Allies' toughest job in North Africa is whipping muddy roads and airfields into shape for use by trucks and planes. Here a big bulldozer moves mass of mud near highway.

\$1.35 Wheat Price  
Urged in Commons

OTTAWA, March 30. (CP)—The price paid for wheat could be \$1.35 in 1943-45 cents a bushel more than the price set by the Dominion government for wheat purchases by the Canadian Wheat Board, W. J. Ward (Lib. Dauphin) said in the House of Commons last night. He said he did not think it was possible for western farmers

to grow wheat for 90 cents a bushel this year. The guaranteed price of flour should be not less than \$0.40 a bushel, against the present guaranteed price of \$2.25.

NEW YORK, March 30. (AP)—Leading figures of the American agriculture stage will pay final tribute Wednesday to Frank Gillmore, 73, a militant leader and one of the founders of Actors Equity Association, who died yesterday. The funeral services will be held at noon Wednesday.

Alberta Hereforas  
Assist War Effort

CALGARY, March 30. (CP)—Alberta Hereforas went all out for the war effort yesterday afternoon. At an auction sale of calves donated by the Hereford breeders' association and sponsored by the Calgary Rotary Club, proceeds totaled \$13,520. Of this sum, 50 per cent goes to the Red Cross Society, 25 per cent to the merchant marine and 25 per cent for the Rotary Club's war work.

Biggest prize, \$650, went for a registered heifer calf donated by its owner, Jean Edgar, daughter of W. J. Edgar, Innisfail. It was purchased for the Medicine Hat Feeding Co. by Sherman Willows, Calgary.

Forty-one registered heifer calves and yearlings sold for a total of \$11,010, or average of \$268.44; two registered bull calves went for \$400, average \$200; one registered cow went for \$300; five grade heifers sold for \$407.50, average \$81.50; one grade steer sold for \$207.50.

Ottawa, Provinces  
To Share Movement  
Of Farm Workers

WINNIPEG, March 30. (CP)—Hon. D. L. Campbell, Manitoba minister of agriculture, said yesterday an agreement had been reached whereby the federal government and the provinces will share the cost of moving farm workers. Mr. Campbell said also an attempt would be made to have federal authorities release a larger number of conscientious objectors for farm work. There are about 1,000 from Manitoba and most of them are employed in camps in British Columbia, he said. Nearly all are experienced farm workers.

Reward Variety  
Wheat Awarded  
Top U.S. Honors

CHICAGO, March 30. (AP)—A sample of heavy dark northern spring wheat of the Reward variety, submitted by George Hoffman of Hill, Colo., won the Philip W. Pillsbury prize yesterday as the best wheat grown in the United States during the 1942 crop year.

Hoffman's sample, test weighing 84 pounds to the bushel, was placed first in the Colorado pure seed show at Colorado State College to qualify for the national contest.

## Nazi Chief Killed

NEW YORK, March 30. (AP)—A broadcast by the Moscow radio that Hans Volker, described as chief of the Nazi elite troop detach-

British Coastal  
Units in Action

Exclusive to The Edmonton Bulletin: Coastal units of the British United Fleet, LONDON, March 30. The admiralty announced that British light coastal forces intercepted a number of German torpedo boats off the east coast of England early Monday and fought a running battle with them.

Two motor gunboats engaged five of the German craft with gunfire, and after several hits were scored the second German boat, the enemy line blew up. Part of the wreckage was blown aboard a British vessel as it was proceeding to ram the leading motor torpedo boat.

Reports on the German-Russian front, which had been reported yesterday by the Federal Communications Commission.

WOODWARD'S

Wish to announce a change in store hours

Store will open at 9:30 a.m.,

Closing at 6 o'clock

Wednesday's 9:30 a.m. to 1 o'clock

you see Northern Electric at WAR

No, we don't build bombers . . . our job is to give speech, sight and hearing to those argosies of victory—those D-for-Donalds, C-for-Charles and their gallant crews who are making aerial history. And into this work go sensational developments in electronic equipment fashioned and perfected to guide our airmen (many of them our fellow workers) to any target . . . through any weather . . . and to bring them safely home again. The men and women of Northern Electric . . . the hands that man the machines . . . are working at high speed, accurately, in a full-time effort to produce the world's best equipment for the world's best fliers. Only when peace comes will the hands of Northern Electric return to their regular activity of manufacturing wires and cables, telephones, radio receivers for civilian use . . . all the products of a national electrical service.

## INFORMATION

"Our war production job is by no means confined to bombers alone. Final equipment for all the Services—Army, Navy, Air Force—is our full-time schedule."

## City to Spend \$713,684 on Five Utilities This Year

### Carryover of \$1,016,571 Is Provided in Estimates For Council Consideration

Out of a total of \$1,730,255 available for new construction and renewals in the five civic-owned utilities only \$713,684 will be spent this year, according to the estimates of construction placed before aldermen at the special meeting of city council Monday night. These estimates will be considered at the next meeting of city council.

This will leave a carryover of an estimated \$1,016,571 to the renewal reserve account at the end of last year. The carryover at the end of last year was \$732,536. This is an increase of \$284,035 in the amount held in reserve for the rehabilitation of these plants, and for new construction.

The amounts of reserves to be set aside during 1942 totals \$947,607, of which the electric light department is expected to contribute \$231,476, the power plant, \$231,514, the street railway system, \$260,600, telephone department, \$130,407 and the water works department \$105,500.

Proposed new construction and rehabilitation work to be done in the electric light and power department will cost approximately \$215,500. The new construction proposed is a four tube Hewlett plant bulb mercury arc rectifier, including switchboard to be installed at No. 300 sub-station at a cost of \$35,000.

It is proposed also under the heading of new construction to construct an underground duct and cable cross tie line from the power plant to 127 avenue at a cost of \$120,000, and also to spend \$10,000 for new services necessitated through increased domestic and commercial consumption.

**LINE REBUILDING**  
Under the heading of renewals it is proposed to spend \$23,000 for the rebuilding of pole lines and the replacing of rotted poles. \$10,000 for the remodeling of pole lines under government electrical protection.

Continued on Page Fifteen

### Enemy Aliens Debarred From Leasing Land

Enemy aliens and Hutterites are prohibited from leasing land under terms of a bill amending the Land Sales Prohibition Act, introduced into the legislature Monday by Hon. Solon Low, provincial treasurer. The bill was given first reading.

It was explained by Mr. Low that the purpose of the act passed last year was being defeated by some people. The original act banned the sale of land to enemy aliens and Hutterites, and it was being evaded by means of long term leases, which the present amendment specifically prohibits.

It was understood Monday night that an amendment will be introduced to the bill, which would have the effect of cancelling all such leases made since March 21, 1942, when it comes up for discussion in the legislature.

The bill, as introduced Monday, provides that "no person shall be introduced into the land to be leased by or for his servant or agent, lease or agree to lease any land to any enemy alien or Hutterite, or to any person acting as a trustee or any other person on his behalf shall after the said date lease or agree to lease any lands or occupy or enter into occupation of any lands under any contract or agreement of any kind made after the said date."

It is further provided that any such lease or agreement shall be null and void and any money paid under such a lease shall be forthwith repaid to the person who paid for the lease in the first place.

Power output by the city power plant for the period ending March 21 totalled 23,323,900 kilowatt-hours, according to figures for the same period last year, an increase of 2,545,700, according to a report filed with the city commissioners Tuesday by R. G. Watson, power superintendent.

### To Be Honored

Harvey Harrison, who will be honored at a luncheon in the Corona hotel on Wednesday at 12:15 p.m. He is leaving Edmonton to become general manager of the Consolidated Fruit Limited, Calgary.

### Former Bulletin Carrier Boy Sees Plenty Action During War With Royal Navy

When the British battleship Warspite, flying the flag of Vice-Admiral Jack Whitworth, sailed into Norfolk fjord in April, 1940, and turned its 15-inch guns on the treacherous Hun invaders and then, in one of the most skillful pieces of naval maneuvering in history, worked its way out again after a completely successful mission, the entire world was thrilled.

One young Edmontonian was more thrilled than anyone else, because he was serving on a destroyer of the Royal Navy that swept the waters for mines just ahead of the mammoth battleship.

That young Edmontonian is Albert Harrison, 22-year-old son of Mr. and Mrs. E. J. Harrison of 10807 30 street.

Albert Harrison had felt the call to serve in the Royal Navy when clouds were hanging over Europe when Munich had been signed and when Czechoslovakia was being threatened.

Born at North Battleford he had come here at an early age with his parents and had attended the local public school. But the urge to join the Royal Navy had been too strong, and in 1938 he went to Great Britain.

He was trained for training to the naval barracks at Chatham, Kent, where he had been awarded a Distinguished Service Medal in the group of 2,000 men.

**A TORPEDO MAN**  
A torpedo officer aboard the man-of-war Warspite, he has been plenty of action.

When the Warspite set out from Britain to blow the Germans at Sicily, in southwestern, the destroyer was assigned to the task of sweeping for mines. His task was assigned ahead of all the way to sweep for mines in the 194 street area, replied, "We are trying to cross 'em out, but they won't come out, but they will."

He expects to be here for six weeks with his parents, after which he will be posted to a new ship with his parents.

His crossing of the Atlantic for this leave was uneventful.

### Legion Urges City to Build New Sidewalk

Request was made to the city council Monday night by executive officers of the Canadian Legion that a sidewalk be constructed through from 100A street and Jasper avenue to connect with the sidewalk running on the west side of the Memorial Hall.

Aldermen instructed the city commissioners to bring in a report to council on the construction costs of the roadway and the estimated amount it would cost to acquire the property for the sidewalk right-of-way.

The Canadian Legion was represented by H. E. Tanner, its president, and W. R. McLean, executive officer.

**TIME OPPORTUNITY**  
The Legion representatives requested the council to consider the construction of the sidewalk at this time when thousands of visitors from America, New Zealand, England and the United States are passing through the city.

"This is not a new matter for council," stated Mr. Tanner. "We want the Legion here to be the best in Canada. Our boys will be coming back and we must have a good place for them, and this Jasper avenue entrance will add to the accessibility of the Memorial Hall and the public library, and will also add to the appearance and approach to these buildings."

He described the present time as approach to these buildings as dangerous and certainly undesirable in appearance. He said that he had previously asked for an arched approach from Jasper avenue, but that proposition would have been costly and could possibly be undertaken as a post-war rehabilitation project.

Commissioner John Hodgson said that the 100 foot sidewalk which would cost approximately \$12,000, of which \$10,000 would be for construction, and \$2,000 for the property.

### I Saw Today

Harold Cruickshank, recalling old days in the army with a friend.

Bob Crawford headed toward the northern section of the city. Charlie Small exchanging greetings with a friend as he entered the city block. Walter Rose entering the Memorial building. The Canadian Legion was represented by H. E. Tanner, its president, and W. R. McLean, executive officer.

**Law Dean**  
Prof. Malcolm Murray MacInnes, of the staff of the University of Alberta, has been appointed dean of the faculty of law, it was announced Tuesday.

Prof. MacInnes, B.A., LL.B., LL.M., and the public library, and will also add to the appearance and approach to these buildings."

A powerful Australian wind, which often attains a speed of 120 miles per hour, is called the Willy-willy.

### DOMINION DEPARTMENT OF AGRICULTURE

# GRASS-FED BEEF

## TAKES THE GAMBLE OUT OF MEAT-BUYING

**LOOK FOR THE RIBBON-LIKE BRAND Your Guarantee of Quality**

**KNOW WHAT YOU BUY!**

THE PURCHASE of Dominion graded beef ensures delivery of the quality for which it is famous. There is no risk of substitution or misrepresentation. Only the top grades of beef are marked with the ribbon-like brand which denotes quality and all branding is done under Dominion supervision by impartial third parties. The portion of the ribbon-like brand which appears on each cut of graded beef when it is delivered is the Dominion's guarantee of tender, juicy, and better-eating beef. To assure yourself of satisfaction in your purchase of meat, buy only Dominion graded beef and insist that the ribbon-like brand appears upon each cut that you buy.

**CHOICE** The grade "Choice" is designated by red ribbon-like brand and only includes beef of outstanding quality. This grade appeals to those who demand the best quality beef regardless of price.

**GOOD** The blue brand or "Good" grade includes beef which can safely be recommended as of first-class eating quality. It carries the moderate amount of fat necessary to render it tender, juicy and of good flavor—without undue waste.

**YOU PAY NOTHING EXTRA FOR GOV'T GRADED BEEF**

## Around The Town

**A. Blair Paterson**, Edmonton barrister, who recently underwent an operation, has returned to his practice and has totally recovered from the effects of his operation.

**Edmonton Squadron**, Imperial Postmen, will have a party at city headquarters at 20:30 hours Wednesday for continuation of training. Dress—service uniform or blues.

**Mr. and Mrs. H. C. Pettit**, 10027 33 avenue, have received word that their son, IAC Stewart Pettit, 21, who was in the R.C.A.F., had arrived overseas. Before his enlistment he had attended University of Alberta.

**Meeting of wholesale and retail sections of the Chamber of Commerce, departmental stores and manufacturers**, will be held at the headquarters of the Chamber of Commerce, for Thursday, has been cancelled.

**Word was received here Tuesday** of the death of Alfred Gray, Winnipeg, father of Mrs. Malcolm Kirk, 10027 33 avenue. Mr. Gray was well known in Edmonton, having visited his daughter here on numerous occasions. He was widely known as a dog-fancier.

**"The housing situation is sure to** be in this town," a visitor at the A.M.A. office was heard to remark. "Why, at the end of last year, I saw a tent on top of a telephone pole!" (Telephone repairmen protect themselves while at work at the top of telephone poles.)

**Identification Badges** For Government Employees and War Workers Time and Ticket Checks For War Plants Manufactured by **St. Louis Button & Badge Co.** 113-47 Lucas Ave., St. Louis, Missouri, U.S.A.

**600 Dog Owners Without Licenses** Owners of dogs in Edmonton responded well to the warning issued last week by Thomas McCallum, city treasurer, that there are more than 600 in the city that have still to take out the 1942 license for their dogs.

**Mr. McCallum stated** Tuesday that generations would follow that are to take out these licenses. He pointed out that at this time last year 2,380 licenses had been purchased by dog owners and that this year only 2,554 have registered. More dogs with the city license department. More than 500 licenses were taken out during the past year, an increase of \$2,000.

**GREETERS**  
CHAPTER XVI  
"YOU mean, Ed, that we've got to fly west again? To catch up with Jimmy?"  
"Yes, Jim. That's what he said. And it's not any forgery this time."  
"But—but why? Why does he want me?"  
Ed Bryan, airplane pilot, shook his head. "You know as much as I do, Miss Pat. He just telephoned me this morning and said I was to take you and catch up with him. Later I got verified orders from Colonel Furely himself, so it ain't no monkey business."  
"No. But my stars, whatever can Jimmy want? Let me get my coat, Ed."  
Just that quick she was ready. Ed Bryan had telephoned her out of a sound sleep when he was dressed when he came for her at 7 a.m. She hadn't eaten breakfast, but she was ready to fly. You don't question orders in the Army, you obey them. Pat told herself. They snatched coffee and a bit of food before taking off, and Ed had some food in the plane for her, too.  
"This is no short hop," he explained. "We'll have to refuel along the way, but mostly we're going to be flying. We're to catch him at Phoenix."  
"But what about the Kansas state?"  
"Boutley, been changed, the colonel said. They cut out all but Phoenix. On account of Phoenix is having a big scoring carnival or something, honoring Captain Carr."  
"Now that's nice!"  
"Sure! But why you and me have to be there, I don't know. Jimmy didn't specify a thing! What we were to do!"

## HOLD EVERYTHING

"You must be a semi-private!"

## LAFF A-DAY

"Sorry, but we haven't two together. Would the lady care for a seat next to another sailor, temporarily?"

## CURIOUS WORLD

**NORTHERN LIGHTS**  
HELPED THE NAZIS PICK OUT AND SINK THE BATTLESHIP ROYAL OAK IN 1939.

THE GREAT BRITISH SHIP, LYING AT ANCHOR IN SCAPA FLOW, MADE A PERFECT TARGET FOR U-BOAT GUNS, AS IT STOOD OUT IN SILHOUETTE AGAINST THE LIGHTED SKY.

**WHERE'S ELMER?**  
In back in the S.E. in the old city. He's about 100 years old. He's about 100 years old. He's about 100 years old.

**THE TERM MIKADO**  
IS USED BY DIPLOMATS TO DESIGNATE THE EMPEROR OF JAPAN, BUT NOT BY THE JAPANESE THEMSELVES! THEIR WORD IS "TENNO."

Pat Friday have lacked words to describe the Rocky Mountains. Over New Mexico they approached a storm that was first sand, then rain and hail. It acted as if it were a giant hand, and they were left at Santa Fe, and Pat got some travel folders telling about the southwest.  
"On look, Ed," she held a paper. "Here's a picture of Superstition Mountain, where the famous lost gold mine is. I've read about that. It's in the distance of Phoenix, too."  
"Fifty miles," she read. "It even looks ghostly in the picture."  
"It's east of town. We'll take a look at going by."  
As they came to Superstition they encountered a wind howling over the desert. It was a black, maverick-like thing, which soared and leaped the plane, and she was small to do harm, a thing characteristic of the Rockies. All the terrain and natural phenomena here were fascinating, Pat found.  
They were to arrive at Phoenix just before sundown. Only a very fast Army ship could have made it on time, but Ed and Pat had been favored by good weather most of the way. Ed contacted Phoenix City Harbor with his radio.  
"We're ahead of the captain!" he called to Pat. "They're just coming down from Denver, but we'll land half an hour before they do!"  
"Oh, Ed!"  
Pat was nervous, jittery. She couldn't say why, except that Jimmy had specified nothing in ordering her west again, and she was afraid there might be further embarrassment or trouble.  
Nearly 10,000 people had gathered at Sky Harbor to welcome the returning plane, and so Ed wasn't quite sure what to do with himself and Jimmy when they landed. They just hung near the main hangars on the east side of the field. And then the sailplane came into view.  
"He'll come right in because it's getting night and he won't want to disappoint the people," Ed told Pat.  
Jimmy's low ship landed unobtrusively, but as the sailplane glided beautifully down, a great cheering arose. A special detail of soldiers held back the people, but Pat and Ed were inside this ring.  
When the sailplane touched the ground, a small knot of mechanics and officials ran from the hangars to escort it in close. On sudden impulse Ed Bryan grabbed Pat's arm and joined them.  
"Ed, what are—" "Hush," Ed murmured in her ear. "Don't talk. Stay with the car. Don't talk. And do exactly as I say!"  
To be Continued

**City Planning**  
**Spend \$713,684**  
**On Utilities**  
Continued from Page Nine  
act, and \$500 for new street railway track.  
Purchase of transformers and meters will cost \$20,000, and an item of \$1,500 is included in the estimate for the repurchase of high tension line and equipment from Canadian and United States governments.  
Only one item of construction work is scheduled for the power plant department. That is the installation of boilers, turbo-generator and other plant equipment in connection with the \$750,000 plant extension authorized in 1942. The work proposed for this year will cost an estimated \$140,000.  
In the street railway department it is proposed to spend \$100,000, of which \$100,000 is for rolling stock and rolling stock equipment, \$40,000 in track and electrical line maintenance, and \$20,000 on buildings and miscellaneous maintenance work.  
**PAYMENT FOR BUSES**  
An item of \$80,000 is included in the rolling stock account. This represents payment for the three Mack buses now delivered to the system late in November. Rehabilitation of street cars is estimated to cost \$10,000 in 1943 and new cars, wheels \$60,000.  
Rehabilitation of trolley coaches and buses is estimated to cost \$60,000 and trolley coach and bus tires \$10,000. A sum of \$1,000 is set aside for street railway gears and axles.  
Major maintenance item is the paving of 115 avenue from 95 street to Fort Road at a cost of \$12,000, and pavement and track renewal at 901 street and Jasper avenue at a cost of \$22,600.  
Rolling rail on Jasper avenue between 118 and 124 streets is estimated to cost \$1,500, for labor and material, while improvements on various curves on the system is expected to cost \$2,500.  
Alterations to the shops buildings are estimated to cost \$20,000.  
Expenditures connected with the installation of four emergency power charging units in main, north, west and south exchanges at a cost of \$80,000.  
**LINE EXTENSION**  
Other items include the payment of \$30,250 for the 500-line addition for street car equipment to the south exchange. This extension was authorized in 1940 and was completed in February, 1942. A sum of \$30,250 will be paid for a 500-line addition central office equipment to the south exchange. This was authorized also in 1940 and completed last February. An item of \$40,000 is in the estimate for substations station equipment installed during 1942 and not charged to capital account.  
In the waterworks department \$20,000 will be spent on new electric and galvanic iron mains, services and fire hydrants renewals, and \$20,000 on new mains construction, services and the purchase of meters.  
Stainless steel equipment for use in dairies is brought in a high priority by polishing with aeroplanes.

## buildings were burned and ex-

## cessive damage caused to military

## installations, the air ministry

## announced today.

## The ministry said the top floor

## of the Brown House, where Hitler

## had a small office containing busts

## of Napoleon and Mussolini and

## where the Nazi assembly hall was

## located, was burned out.

## De Gaulle Unable

## To Visit Calgary

## CALGARY, March 26 (CP)—

## Gen. Charles de Gaulle, leader of

## the Fighting French forces, will be

## unable to accept the invitation of

## Mayor Davidson to visit Calgary,

## he says in a letter to the mayor.

## Gen. de Gaulle had planned a visit

## to the United States and possibly

## Canada, but the plans were still in

## definite form as an administrative

## Mayor Davidson's invitation
